(Portuguese lyrics & English translation by Carlos Ferreira 10/02/2005 Copyright © 2005 Carlos Ferreira)

Me ajuda, te imploro meu bem Nao me esconda nada Me mostre o caminho de vez No fim de uma estrada Ali encontrei O amor do teu olhar	Help me, I beg you my love Don't hide anything from me Hurry, show me the way Somewhere at the end of a road Where I can find The love in your eyes
A bossa, a viola e a paixao Estao soltos no ar Magia, intensa emocao Fazem este lugar Aqui encontrei O azul do teu olhar	The "bossa", the guitar, the passion Are floating in the air Magic, intense emotion Make up this special place Here I've found The blue of your eyes
Volte comigo amor Eu vim te buscar E no sereno da noite Eu vou te amar Venha comigo depressa Nao posso ficar Sem o azul do teu olhar	Come back with me, my love I came to fetch you And in the dew of the night I'll make love to you Come with me, hurry up I just can't be Without the blue of your eyes
