

CARLOS FERREIRA

BRAZILIAN PERCUSSION & VOICE WORKSHOPS FOR SCHOOLS

"..... somehow Carlos was able to involve all 400 students as well as some very 'noteable' teachers in performing a Samba together. Some of us clapped, some of us sang and some of us were lucky enough to play the Brazilian instruments. It was amazing to hear how each small part worked together to create a tremendous sound. This is teamwork at its best!"

Darren Wicks
Caulfield Grammar School - Melbourne

"Hi Carlos,
I would like to thank you for your wonderful Brazilian Percussion workshop at Kew High School.

The students said that the two periods went really quickly and that they had lots of fun. They liked learning the different rhythms and playing instruments that they had not played before. Some of the students especially enjoyed the Samba march around the school, and the teachers that heard it were really impressed. The students have asked if you could come back again and some of them thanked me especially for organising the workshop.

We look forward to working with you again in the near future."

Judy Bartosy
Kew High School

"Dear Carlos,
Thank you so much for the wonderful samba workshop you ran recently at Birmingham Conservatoire. All the students involved enjoyed the experience and learnt a huge amount in a short space of time. Besides learning new techniques and rhythms, the most positive aspect of the workshop was experiencing the feel of Brazilian samba.....

Yours sincerely,"
Professor Andrew Downes
Head of Composition and Creative Studies
Birmingham Conservatoire - England

Melbourne Samba School

We are grateful to Carlos and Mandy Ferreira from the Melbourne Samba School who brought a little touch of Brazil to our Junior Assembly this week. Carlos and Mandy are experts in Latin American percussion, particularly the famous Brazilian Samba.
